Instructions:

- The test consists of two sections: Section One and Two.
- You have 5 minutes to prepare for the test.
- In preparing for Section Two, consider what to say, and how to say it — such as in what sequence, how to connect, how to emphasize, etc.

Section One

Directions: Read aloud the part between the stars (*). (2 minutes)

Hello everybody. Welcome to the American Language Center. I'm Gina Richards, your academic advisor. You can all just call me Gina. I know today is your first day at our school, so you're probably a little nervous and maybe a little shy, too. So, I want to tell you right at the beginning: if you don't understand something, please ask questions. OK? And listen very carefully because we're going to give you a lot of important information — information that will make your experience here enjoyable and useful. Okay, here we go.

(*) Let me tell you about the plan for today. There are three things on your schedule. First, you will take a placement test. This test will measure your English level. You'll take a reading, grammar, and composition test. Oh, and also listening. A listening test. The whole placement test takes three hours.

Next, you will meet in small groups, with a teacher, for an orientation. This orientation meeting will be about important things you need to know, like where to buy your books, what type of classes you'll have, how to find a roommate, things like that. This is where you can ask a lot of questions.

Then, finally, this afternoon, you will take a campus tour. We'll show you the main buildings where your classrooms are; you'll see some of the sports facilities, you know, the tennis courts, the swimming pool, places like that; and you'll also visit the library and the computer lab. I think you'll be surprised how large and how beautiful our campus is. All right. Are there any questions before we begin? (*)

Section Two

Speak based on a given topic: (3 minutes)

In Chapter 5, you learnt about college students looking for apartments. In your opinion, what aspects are very important when you decide to rent an apartment? Rent? Close to bus/subway station? Noise? Furnished/unfurnished? Bathroom? Kitchen? Bedroom facing south?

Vancouver, in Western Canada, has delicious Chinese food because there are many Chinese immigrants in that part of Canada. And Vancouver has great fish - like salmon.

(*) San Francisco also has excellent Chinese and Japanese restaurants. Oh, and the bread in San Francisco is really special. Just north of San Francisco there are two little towns called Napa and Sonoma. That's where they make some wonderful California wine.

Now, if you drive to Texas, be sure to eat some Mexican food. It's very spicy, but so delicious. In the Midwest, the middle of the United States, you can find terrific cheese in Wisconsin. And don't forget to have a steak in Chicago. The beef is very good there.

If you drive to the Northeast, try to visit Maine to taste the seafood. Lobster is fantastic. And nearby, in Montreal, Canada, the French food is fabulous. Oh, and if you decide to go down south to Georgia, fried chicken is very popular. And in Florida, of course, you'll find the best oranges. (*)

Section Two

Speak based on a given topic: (3 minutes)

In Chapter 3, you learnt about food and restaurants. Now describe one of the restaurants that you like based on the following questions:

What is the name of the restaurant?

How expensive is the restaurant?

Who are typical customers at this restaurant (e. g. , single adults)?

What is the atmosphere in the restaurant (e. g. noisy, bright)?

What kind of food does the restaurant serve?

What does it look like inside? Is it attractively decorated?

At what age does a child become an adult? The answer depends on your culture or religion. Here are a few examples.

(*) First, in some North American Indian cultures, a boy becomes a man around the age of 13. At that time, he goes into the woods alone, without food or water, for several days. When he returns safely, he becomes an adult man. Girls become adult women as soon as they are old enough to have babies, also around the age of 12 or 13.

In the Jewish religion, children spend years studying their history and religion. Then, at age 13 for boys and 12 for girls, they go through an important religious ceremony. The boys' ceremony is called a bar mitzvah and the girls' is called a bat mitzvah. From that day, they are adults, and they are responsible for their own religious development.

In Japan today, young people become legal adults at age of 20. Each year on the second Monday in January, they celebrate "Coming-of-Age Day," when all the twenty-year-olds in a town are invited to attend a special ceremony. They wear traditional clothes, listen to speeches, and visit with old friends. (*)

Finally, in the United States, the passage into adulthood takes several years. . .

Section Two

Speak based on a given topic: (3 minutes)

In Chapter 1, you learnt about introducing yourself to others. Now try to introduce yourself by answering the following questions.

Where are you from?

What do you do? /What's your job?

What's your hobby?

What's your family like?

What's your daily schedule? etc.
